Big Improvements in Little Gas Heaters

New inventions have brought gas heaters to the highest degree of perfection. The old types are very crude in comparison.

When you inspect our 1914 stock of these heaters you will note-

That the heating flame is now luminous—not blue -quite as hygienic as the flame of an open grate fire.

You would note also that the heat is now thrown into the room by firebrick deflectors and copper reflectors. One of these little heaters will warm up a cold
